## Old Friends, New Friends

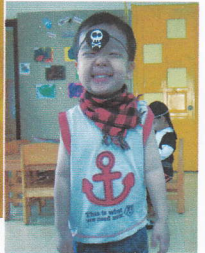

The Yellow Group this Year has a lot of veterans back in the class, bigger, more confident and ready to show their friends what do to! Bento, Bond, Clement, Corbin, Elise, Ella, Itto, Jasper, Liliana, Miley, and Myeisha are really enjoying being the big kids around town! And they've been so happy to welcome, Amandine, Mateo, Minh Thu and Robin to the group!

Sadly we will have to say goodbye to Corbin and Itto during this term as they will move on to a new adventure! We will miss them both very much!

We know circle time so well now we can lead it ourselves. Elise is telling everyone what comes next!

Welcome Amandine, Robin, Minh Thu and Mateo.

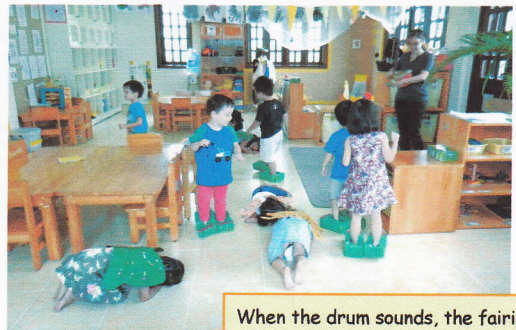

Goodbye, Corbin and Itto!! Good luck in your new adventure!

We're super stars at lining up!

## Little Pixies

This year, our classroom theme is The Enchanted Forest! The children are really using their imaginations to think about magic. They're also learning the difference between real and pretend. We've been using our bodies to imagine what it's like to feel happy like a fairy, grumpy like a troll, powerful like a dragon and free like a unicorn!

When the drum sounds, the fairies are asleep and the trolls stamp around. When the fairies hear their bells, they wake up and dance around the sleeping trolls. The children are learning to follow instructions, wait and take their turn while enjoying the imaginary play!

# Little Pixies continued...

We made trolls mouths, to practice cutting, spreading and manipulating the small, sticky pieces. Great fine motor practice and delicious too!

The children developed their listening skills, concentration and control through the Troll's Nest game. The troll had to listen carefully while the cheeky pixie

tried to quietly and slowly steal the keys. When they heard the jingle of the pixie's wings (the keys) the troll had to shout 'Pixies!'

Corbin and Liliana build the beautiful barbeque given by Miley and her family!

Liliana cuts the teeth for her troll's mouth.

Bond places the teeth carefully in the apple mouth.

Elise steals the keys from Myeisha the Troll! Then pixie Corbin takes the keys from the Troll that looks like Minh Thu!

Miley helps attach the shelf.

Ella spreads jam to make the teeth stick on the gums.

The delicious finished product!

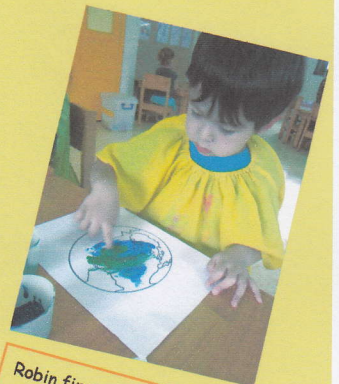

Everyone is so excited to play with the new toy.

# I am the Earth!

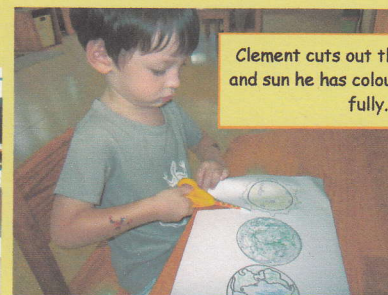

We are learning about the Earth that we live on: the planets around it, the sun and moon, and whereabouts on the planet we come from. We are also learning what we need to do to take care of the earth. By reading books, dancing and taking on responsibilities the children can really feel a part of the world around them.

Robin, Amandine and Bento paint the ocean on our Earth.

Robin finger-paints his Earth.

Clement cuts out the earth moon and sun he has coloured so beautifully.

Ella and Minh Thu explore different textures of the land on our earth.
