

# News from the Yellow Room

Nov 2011

Welcome! The new school year has proved to be a fantastic one so far, filled with fun, discovery and laughter!

We've been getting to know each other and make new friends!!! Our "Big Kids" in the group have enjoyed the responsibility of "teaching" our new friends the Yellow Group Routines!

Our new kids have settled in so well, and adjusted to their new environment with ease.

Our first theme focus was "Respect", and we discovered many different things. We learned about ourselves, our friends and how we can respect each other. Some of these ways of showing respect are by using our listening ears, gentle hands, and kind words....which we still practice every day!

The flower garden was a big hit in the yellow room. We planted seeds and watered them every day, and after a few days we saw them grow into tall beanstalks! It was amazing to learn that plants grow too - from a baby seed into a tall green plant! Just like us!

We have all gotten a little older. Oscar and Niels have turned 2! Sadie and Myra are now 3!

Over the last few months we've also had some changes in our group, both with children and teachers. We've recently welcomed Niels and Phuong to our class and already it feels as though they've always been a part of the Yellow Group friends! We have said goodbye to some of our "Big Kids" - Ana, Albert, Maxi and Yi-Chen - who have moved upstairs to the Red Group.

We've also said goodbye to Ms Nikki who has returned to her family in South Africa. We will miss you all very much! Meanwhile Ms Katy has also joined us as the new Yellow Group teacher. We are all getting along very well!

Thank you very much to all the parents for your support and communication. It has been great getting to know you all, and I really love discovering new and amazing things with your child!

Until the next time, we look forward to laughing, discovering, playing and exploring!

Ms. Katy, Ms. Jasmin, and Ms. Trang
