

THAO DIEN TALK

By Yoko Otter-van Zuijlen, Pedagogue
General Director

Year 8. Issue 3. May 2015

Last weeks to go before the holidays; time to say goodbye and looking forward to see you again!

There are only a few weeks left before the summer holiday starts. Some children will leave SmartKids after having been (sometimes) a few years with us. A sad moment, but also a step further in your and your child's life.

A new episode, a new start in another environment.

For Big Kids children going to an international school in Saigon, we have arranged visits with their new schools and are preparing them for this exciting next step. For those leaving SmartKids; we have all enjoyed contributing to your child's development and we wish you all the best for the future; we are always happy to hear from our "old" SmartKids children! For children and parents who we will see back in August; we wish you happy holidays and safe trips.

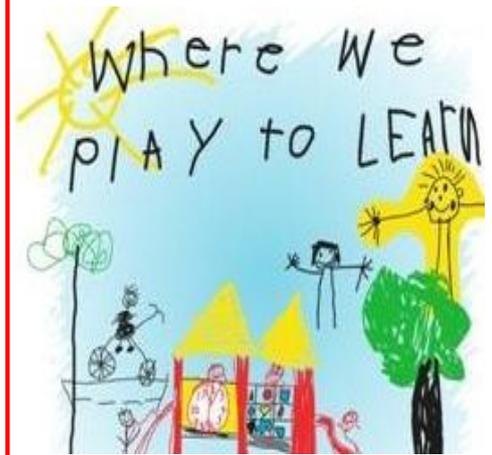

I would like to thank all parents for your continuous support this year and your feedback, remarks and enthusiasm.

I also want to thank our staff for their effortless support and hard work. The pedagogic staff has shown their dedication and their professional early childhood approach to try everyday to make it another exciting, happy day for your child in which learning through play is the focus. Of course our support staff plays also a crucial role in the children's SmartKids life. Where would we be without them?

Time Travelling Summer Camp

Please remember that we will have a 5 weeks Exiting Summer Camp Program this year; from the 29th of June to the 31st of July. It's only for SmartKids children from 2,5 to 6 years old and the program looks great with each week a different theme. You can sign up on a weekly basis.

The summer camp will be held in our great Street 10 location; where the outdoors is large and exciting and where our SmartKids teachers are planning exciting, interesting and fun activities for your children. Classes will be kept small between 12 and 18 kids and will be supported by our SmartKids assistants.

We are all part of an ever changing environment. In all locations some teaching staff will leave SmartKids to find new challenges elsewhere. We are working on replacing our departing staff with new enthusiastic staff and we will make sure we are ready for a new year.
