

YELLOW GROUP

WHAT WE HAVE BEEN UP TO.....

The yellow group had a busy start to the new school year, it was great to see our old friends back and also to welcome new friends into the group. We changed our classroom theme to "on the farm", the children enjoyed decorating the room and talking about different animals (farm animals is a definite favourite in the Yellow Group).

In September we began to discuss "All about me", this included our names, what we look like, how old we are, things we can do and

our likes and dislikes. This was a nice topic to start with the children. We then went on to talk about 'Me and my family', how many are in my family and where we are from. We learned that some of the children have two countries they belong to. We had fun decorating their flags and also talking about the countries!!

In October we started talking about "Me and my

Friends". We have discussed how we all look different, some are taller/smaller, have blue eyes/brown eyes and also that we are all able to do different things. Recently we have been talking about what it means to be a "Friend", we have been doing some partner games/ dancing/yoga, getting to know each other a bit better by talking about what we like etc...

It was nice to see the children taking turns, working together and using their gentle hands with each other. We made a friendship tree using our handprints and also made a "Friendship Book" with pictures of all our friends!!!!

Over the next week we will talk about Halloween and have a dress-up party with the green group!!!

NEWS AND EVENTS

Halloween Dress-up Party

October 31st - Both kiddies classes will come together for fun and games!!

Parent-Teacher Meetings
