

Group Friends

March 2012

A big, warm welcome to our first Yellow Group kids:

Eva

Jesper

Vilde

Tofunmi

We spent some time with the Green Group before moving into the Yellow Room...this was where we learned all about Fire - it's very hot!
And we can put it out using water!

Green Group

Vilde, Eva and Tofunmi had great fun putting out window fires with water during outside play!

We've also really enjoyed the home corner this month! Dressing up, answering phone calls, and making coffee has become part of our everyday routine here in the Yellow Group!

Until next time, we look forward to more fun, discovery and adventures together!
