March 2013

New friends in Green Group ↓

Maya

Sarah

Ryan

James

Patrick

Olivia

During the last few months we have been talking about our home countries. We learned that we have friends from all over the world, we dress differently, we celebrate different festivities, we eat different foods, and we can talk in many different languages. We learned to accept and love each other and appreciate our differences.

Lulu is wearing an Australian hat. She painted the cork with brown paint.

Henry is making a hat from Germany.

James is colouring his flag.

Ryan is creating an American Bald eagle with shaving foam and feathers.

Leonor is practicing using a knife and fork with her yummy Belgium waffle, which we decorated with frosting.

Patrick is making a collage of images of Germany. The glue is so sticky and funny to touch.

Sarah is painting a Vietnamese water buffalo, with a toothbrush. How funny!

Our friend Shiv came back to school. He made a collage of India.

## We loved learning about Tet.

## DRAGON DANCE

Yummy... Bailey and Myla liked the Banh Tet and ate a lot! Its great to discover a new and different taste.

We all made special Tet candy with Lotus seeds and sugar. David is waiting nicely for his turn to add the sugar.

Kate in her beautiful Ao Dai standing in front of our amazing Tet window. Watch out for our colourful snakes Kate!

Maya is making a Vietnamese Ao Dai in Tet colours.

Brave Nicolas as our dragon. We practiced the dragon dance every day and the children were amazing at remembering all the moves in the song. The children are still asking for the song, it's been a big hit.

Wow, our children are growing so fast! We have said goodbye to several friends from the Green Group who have moved up to the Blue Group; Sebby, Pranav, Khang and Bastian. We enjoy continuing to play with them during our outside play.

Bastian is making a Banh Tet craft, just like the one we tasted. How cool is that!

I would like to take the opportunity to thank all the parents and children for welcoming me so well into the Green Group. I have really enjoyed getting to know your children. Thanks for a lovely term and we are looking forward to learning about our next theme "our changing world", which involves topics like: the weather, the environment, emotions, moving on to new places, transportation and more. It will be so much fun to discover, create, learn and master new skills through our next theme.

Kind regards, Ms. Jasmine, Ms. Kristina, Ms. Laney and Ms. Ulrikka.
