

March 2014

Blue Group

What have the Big Kids been up to?

What a busy second term it has been! We had a lot to celebrate: Diwali, Christmas, Têt, our own version of Halloween and Pranav turning 4!

But although we like to party, we also worked very hard! We started the Jolly Phonics program, and learned a lot about us and the world around us. Everyone has come a long way since the beginning of the year, and we are very proud of our Blue Group!

Ms Viviane, Ms Hanh & Ms Jacqueline

Jolly Phonics

10 weeks later, we can say that the Blue Group is doing great and learning fast!

Early November, we started the Jolly Phonics program. Every week, we are discovering a new sound and how to write it. This goes with funny songs, movements, examples, and plenty of opportunities to become familiar with the new sound.

Dragon Dance

Santa came!

12/12

Right before our Christmas break, Santa came to see us. And he didn't come empty-handed! Thank you Santa!

23/01

To celebrate Têt, a lion and a dragon came to dance for us! Some of us loved it, some a little less, but we were all very brave and we all looked great in our Ao dai!

New Friends in the Blue Group

16/01

Pony ride!

We celebrated Diwali

6/11
&
19/11

As the Year of the Horse was approaching, we decided to talk about horses. But if horses are fun to talk about, they are even more fun to ride and groom. If we were impressed, we hid it quite well: there were a lot of big smiles next to the ponies!

For Diwali, Pranav's and Shiv's mums came to tell us all about it!

They showed us pictures, explained what and why, brought us some specialties and some fun activities!

Thank
you
very
much!

Fun with the Yellow Group!

20/01

As we talked about horses, we also learned about equestrian sports. We were not quite ready to go jumping with the real ponies so we pretended to jump, run a barrel race, do some dressage, and, best of all, race! We were having so much fun that the Yellow Group wanted to join us. So we did it all over again all together, and it was so much fun!

Our gross motor skills successfully faced new challenges and we made a lot of new friends!

We can't wait for the next opportunity to play with the other groups!
