

# Green Group newsletter

## Our Green Group Friends...

During this past month we have said goodbye to Zariff and Yasmine who are leaving the country. Ms Nhien and Martin have moved to SK Street 10, and some of our friends moved to the Big Kids class: Patrick, Bond, Tilde and James. We wish them well.

## Making Xmas Ornaments

Since our last newsletter the Green group has grown, and we have talked about our Emotions. The children enjoyed making different faces and using their words to express their feelings: "I am not happy" (with a pout) and "I am happy" (with a smile).

In Smartkids we make birthdays very special. Children have a special chair and crown to wear at a little party and are given a gift.

Hello everyone,

It has been a great beginning of the year so far. 2014 was full of interesting themes and topics. The children adjusted comfortably to our bigger Green group and enjoyed playing and learning together. We provided different activities appropriate to the various age levels in our group and we are very proud to see some of our friends moving up to the "Big Kids" class. During our new year we will learn about animals...and more. We can't wait to have more fun together.

2015

**My senses**  
"I can taste Sour and Sweet fruit with my mouth."

**Fine Motor Skill activity**

## Book Study "Goldilocks & the three Bears"

# Our group in pictures...

Christmas was so much fun. We decorated our class, studied the Ginger bread man story, did a lot of counting, and enjoyed this holiday theme.

Show and Tell  
It is important to bring a toy on Tuesday or Friday for our "Show and Tell" time.

Children are building confidence during this special sharing time.

Science:  
We added food colouring and dishwashing liquid to milk and watched what happened. Early science activities encourage curiosity and questioning in the children.

Yoga  
I can: balance my body, follow instructions, stretch, coordinate my movements, explore what my body can do, and have a lot of fun!
