Our Green Group Friends...

This year has been a wonderful time of exploring, learning, making new friends and mostly, having fun!!!

We are sad to say goodbye to some friends and we wish them well in their new country and school. For the rest of us, let's have a good Summer break and we'll see you all in August ready for another great year!

Notes:

Ms Nikki has been in our class during Term 3 training as a teacher.

We have welcomed some new children into the class this term: Pratyush, You Ha, Jaime, Vilfred, and Dillon.

Fine Motor Skills activity

We enjoyed celebrating Vietnamese New Year (Tet) and watching the dragon dance.

Sink and Float

Hello everyone,
We have been very busy during this past month.
We have been exploring our Animal theme, learning about: Sea animals, Farm animals, Zoo animals, Insects and Pets.
We have also done some related science experiments - with grapes (farm) to see how they dry naturally in the sun and became raisins - and with eggs (Easter) in vinegar to see how they become transparent. The children's curiosity was stimulated and they were full of questions!

We made a Big Blue Whale

Our group in pictures...

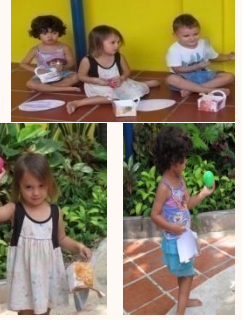

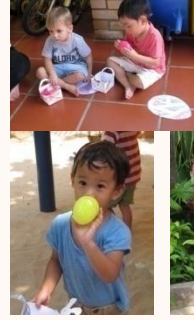

Morning activities at our centers.

Measuring with gold fish and counting

Team Work

Easter Egg Hunt

Team Work

Dates to remember:
